HAMADRYADE  
LODGE

Eco-Ethno lodge-Ecuador

Hamadryade Lodge Is a luxury hotel built on a simple yet beautiful concept: to offer splendor and exclusivity within the heart of the Amazon forest. It maintains a harmonious balance between nature, comfort, and the well-being of its guests, and is part of a sustainable tourism movement. Hamadryade Lodge stands out in the region not only for its ecological design but also for the quality of its personalized services. Located in the Upper Amazon, near Misahualli, the Lodge is situated in an ecosystem of the Amazon rainforest and shares the climate of the Lower Amazon.

## Exclusivity & Charm

---

Hamadryade Lodge offers a unique experience in the heart of the Amazon rainforest. The lodge was built with respect for the balance between nature, comfort, and the well-being of our guests.

## Ecological Rooms

The cabins, built with wood from renewable plantations, feature a unique and contemporary architectural design. Their spacious interiors, designed with exclusivity, offer guests a connection to nature and moments of serenity. The hotel has five bungalows and six rooms, all equipped with air conditioning, private bathrooms, and terraces.

## Activities in the Amazon

---

The local environment is ideal for hiking due to its solid ground, making trekking accessible for all. The Upper Amazon's rugged topography, with its wild rivers and canyons, also makes it perfect for river sports and a range of outdoor activities.

## Culinary Innovation

In the quest for culinary innovation, our cuisine is a fusion of French and Ecuadorian flavors. Our chef provides a new way to travel and indulge in dishes crafted with organic regional ingredients. Cultivated through permaculture, our garden also offers fruits and vegetables. Our own farm is also part of the dishes featured on the menu. In the heart of the tropical rainforest, savor our delicious dishes prepared with passion and be surprised by our subtle combinations of multicultural flavors.

## Eco Responsible Lodge

---

At Hamadryade Lodge, we are dedicated to sustainable tourism, emphasizing the use of natural and organic products. Our commitment extends to community education, rainforest conservation, and the responsible management of waste, water, and energy. We appreciate your support in advancing our environmental efforts.
